PRE-SCHOOL

Drawing by Young Rembrandts

Pre-school children's drawings are precious! Their simple images help them communicate. Young Rembrandts' drawing classes give children the skills necessary to draw more complex images. We understand young children spend the first three years of life discovering the world! They gather, collect, examine and process more stimuli in the pre-school years than any other time in their development, preparing their brains for more advanced learning. Our instructors have created a unique method of drawing that will maximize development, training in art and will prepare pre-schoolers as learners. **No class May 17th.**

Cartooning by Young Rembrandts

To further children's attraction to drawing and the love of art, our instructors provide cartooning classes as a supplemental offering for elementary students. Cartoon classes are based on our original, top quality curriculum and follow our same step-by-step method with the additional fun and excitement of cartooning. The lessons teach children how to create new cartoon characters, draw action, movement and sound. Additionally, children will learn how to draw expressions and convey moods, as well as develop a series of drawings to tell a joke. While cartooning is fun and engaging, children will gain mastery in a unique drawing style and improve their core learning skills. **No class 5/17**

PRE-SCHOOL

Imagine Tomorrow Computer Class

Prepare your child for the digital future while enhancing early reading and writing skills. Every class combines a fun learning adventure with sophisticated technology concepts in a creative way that teaches your child to use computers as a tool. Children work on their own computers using software that is custom built for each lesson and adjusts to your child's academic and technical ability. Small classes led by certified teachers ensure individual attention. Parents receive an online pass-word to access class lessons and can download software activities for home reinforcement. **No Class 4/22 & 5/27.**

SAT Immersion Lab

Give your child an edge to SAT success. A major factor in achieving a high score on the SAT is to know how to take this particular test. The SAT is a test of reasoning, not content. First, we teach the most effective strategies (Day 1), and then have students practice applying the strategies by taking a full-length SAT (Day 2). This is a hands-on, practical lab highly effective for students anywhere in their SAT or PSAT preparation. Families will receive the test results, diagnostic analysis, and recommendations through the mail or email within 3 weeks (unless expedited results are requested). The tuition also includes an appointment with a college preparation counselor to discuss test results and provide further recommendations specific to your child. This program shows you and your child where she/he stands in the SAT prep process.

Learning Rally NEW

Completed basic obedience? Excellent! Good training repeats learned behaviors, rewarding good work and doing it with many distractions around. Rally is terrific for accomplishing this! Set up as a unique 'course' with numbered stations, each station has you 'perform' with your dog. Rally encourages lots of positive interaction & praise! It improves the relationship & suddenly training becomes a pleasure. This beginning level teaches cues for various positions and interpreting what signs ask. Then we set a course to play with! Rally is a fun, social atmosphere appropriate for any age dog/handler team! Great for young dog handlers building respect, patience, teamwork and sportsmanship with others & the family dog.
