Chairman's Message

By Barbara N. Lyons, Chairman Board of Supervisors

On January 3, 2012, the three newly elected members of the Board of Supervisors, Ryan Manion, Shawn Touhill and Rick Colello were sworn into office and assumed the duties of the Township Board immediately following the swearing in ceremony with the annual Township Reorganization Meeting. Also sworn in was W. Rodney Stone as the Township Auditor. Judge Mark D. Douple administered each oath of office.

Rick Colello will continue on as an elected member of the Board of Supervisors following his appointment to the Board on March 16, 2010. Rick is the principal and owner of Doylestown Financial Advisors and a resident of the Township since 1985. He served many years as chairman of the Township Planning Commission and as a perennial member of the Oktoberfest Committee and will no doubt continue his meticulous and attentive approach to the business of the Township he has evidenced since his appointment. He is married to Marie and together they have raised two girls, Allison and Christine, and now enjoy being the happy grandparents of Nadia and Adam.

Ryan Manion and Shawn Touhill each have been active in the community. Ryan is responsible for strategic development, planning, marketing, and executing the mission of the Travis Manion Foundation which was organized to help wounded veterans and families of fallen heroes. She serves as the keynote speaker for the Character Does Matter Leadership program to help school age children realize the importance of leadership and character. Ryan earned a Bachelor's Degree in English from Cabrini College, has run two successful small

businesses and is currently enrolled in a Masters Program in Global Leadership at Delaware Valley College. She resides in Doylestown with her husband, Dave Borek, and two daughters, Maggie Rose and Honor. Ryan is excited to join the Board of Supervisors and help to play a part in keeping Doylestown as great as it is.

Shawn Touhill is also a local business owner and life time resident of this community. A graduate of Delaware Valley College in agriculture science, Shawn believes in local farm to table sustainability. Shawn has served on the Doylestown Township Environmental Advisory Council and is past president of the Doylestown Business & Community Alliance. Shawn and his wife Geralyn are the parents of 5 young children who provide Shawn with “the 5 main reasons” he sought the position of Supervisor.

I am proud to have been elected by the Board to serve as the Chairman for 2012. Together with Tom Scarborough, who was elected Vice-Chairman, we welcome the new members and look forward to an energetic and productive year governing Doylestown Township.

Bucks County Community Alert System

Earlier this year there was an armed gunman who was suspected in several homicides running loose in a neighboring Township. This all occurred after midnight as our area was under a significant hurricane. In an emergency like this the only way you are notified or alerted is through the Bucks Ready Notify System.

The Community Alert System is known as the Roam Secure Alert Network and it is administered by Bucks County. This system immediately contacts you during a major crisis or emergency. The Roam Secure Alert Network delivers important emergency alerts, notifications and updates to you on all your devices:

- email account (work, home, other)
- cell phone (via SMS)
- pager
- smartphone/PDA (BlackBerry, Treo & and other handhelds)

When an incident or emergency occurs, authorized senders, like the Doylestown Township Police, will instantly notify you using the Roam Secure Alert Network. The network is your personal connection to real-time updates, instructions on where to go, what to do, or what not to do, who to contact and other important information. You can register through the following web sites:

<http://www.readynotifypa.org/> and <https://bucks.alerttpa.org/index.php?CCheck=1>

If you do not register, you will not get the alert information.

Welcome to Bird Town!

By Steven Saffier, Audubon Pennsylvania

Doylestown Township and Doylestown Borough have joined forces to become an official Audubon Bird Town. The partnership joins twelve other municipalities in this Pennsylvania program. In the coming months both the Township EAC and the Borough EAC will work closely with Audubon Pennsylvania to provide information to residents on ways to create healthier, more sustainable and cost-effective landscapes.

Your backyard (or front yard, or school yard!) has the potential to provide for birds and also have positive impacts on stormwater, greenhouse gases, maintenance time, and aesthetics. You see, Bird Town is not just about birds...it's about exploring your ecological address and bringing nature back to our landscapes. As a result, the entire community benefits from an environment that functions naturally and offers the wonders of nature just beyond your front door.

You may already have native plants on your property or perhaps a small forest. You may provide bird feeders and a birdbath. You can contribute to the township's efforts by registering your property with Audubon today! It's quick, easy, and free of charge (yard signs are available through donation). Simply go to <http://pa.audubon.org/habitat> and select the property type on the right; residential, school, or business.

There is a lot of useful information on the website to help you improve your ecological footprint. Audubon has created a fantastic web tool that is especially useful to Bird Town residents. You can now determine what your landscape provides to birds by going to www.pabirdplants.org and browsing the bird and plant lists. There are more tools coming and they will be designed specifically for Bird Town.

Regular workshops are being scheduled for Bird Town residents. We will be holding the first in Doylestown Township on March 17th from 9:30 to 2:30 pm. The session will be held at the Activity Center at 425 Wells Rd. Please check our website for more info and to register for the program. We are proud to be working with both the Township and Borough in Doylestown and look forward to many years of improved landscapes, nature experiences, and lots of birds! Since today's children are tomorrow's land stewards, we encourage sharing the experience of creating a garden or bird habitat with them.

If you have any questions and would like to join the effort to establish a Bird Town in the community, please contact

Photos by Howard B. Eskin

the Township at 215-348-9915 or info@doylestownpa.org. Bird Town is a partnership of Audubon Pennsylvania and municipalities throughout the state and is made possible in part with support from TogetherGreen.org.

Stormdrain Stencil Update by Matthew McGuirk

With winter weather approaching, it is now too cold to continue epoxying markers to the curbsides of Doylestown Township. Since the approval of this project back in August, the Township has been able to attach 137 markers in a small section of the Township lying within Turk, Lower State, Bristol, and Wells Road. I would like to thank all of the businesses and residents who donated to this project as the funds will be put toward future groups who continue this project. When the temperature begins to warm up again come the spring and summer of 2012, I intend to continue the area I started and maybe even tackle another section of the Township.

If your organization is interested in a volunteer event/day of storm drain marking please contact info@doylestownpa.org and sign up early for a day of epoxying! This is a great Project for individuals who need an Eagle Scout Project or the Girl Scout equivalent Gold Award Project.

The Township and its residents have a huge impact in keeping our Doylestown community clean and beautiful.

Remember please don't put anything-garbage, motor oil, paint, or pet waste down the storm drain.

For any questions or concerns regarding stormwater or to report illicit discharges into the stormwater system, please call the Township at 215-348-9915. For more Stormwater information visit the Township website at: www.doylestownpa.org.

What You Need to Know About Home Improvement Projects

To all of you planning home improvement projects this winter, this is a reminder to confirm with contractors that they have registered with the PA Attorney Generals office. The intention of the Home Improvement Consumer Protection Act, law since July 2009, is to protect consumers who hire contractors for home remodeling projects. The law requires a written contract when the price of a project exceeds \$500 and provides for consumer safeguards such as the right to rescind a contract without penalty within three business days. To find out all your protections under the law or to check the registration status of a contractor, visit the Attorney Generals website: www.attorneygeneral.gov or call 1-888-520-6680.

Did you know that all contractors are to display their official registration number on all contracts, estimates, proposals and advertisements?

All permit application forms, along with some guideline leaflets for specific projects, can be found on the Township website Home Page under "forms for download".

Be prepared for Snow! A Message from the Road Superintendent

Dear Residents,

Another winter season is upon us and who knows what weather it will bring. Hopefully nothing too hard to handle.

The Road Department is responsible for clearing township roads of snow and ice. We do our best to keep the roads open for emergency vehicles and the traveling public. A few things that help our efforts are keeping trash and recycling containers, portable basketball and hockey nets, etc. out of the roadways. Also, parking in driveways is a great help. We do appreciate your efforts.

If you can stay off the roads during storms, please do. If a roadway is closed, please do not move the barricades or drive around them! The road is closed for safety reasons.

Thank you and have a safe and happy winter season.

Applications Available Now for Heating Assistance Program by Senator Chuck McIlhinney (R-Bucks)

With many local families struggling to make ends meet, energy costs are a serious concern for many district residents this winter. Families who are struggling with rising fuel costs can apply now for the state's Low Income Home Energy Assistance Program (LIHEAP), a program that provides grants to help low-income families pay heating bills.

LIHEAP applications can be completed online on the Commonwealth of Pennsylvania Access to Social Services (COMPASS) website at www.compass.state.pa.us. District residents can also apply by contacting their local county assistance office by calling 215-781-3300. In order to apply for the program, applicants will be required to submit the names of all people in the household, Social Security numbers for all household members, proof of income for all household members and a recent heating bill.

The program also provides crisis grants for families who experience heating emergencies, such as a broken furnace, utility termination or fuel shortage. In addition, many local utility companies offer assistance plans in addition to LIHEAP. Consumers should contact their utility companies to learn more about other programs available to ensure that all local residents will be able to stay warm this winter.

LIHEAP was expanded recently to provide help to more Pennsylvanians, so many families who were not eligible in the past may qualify under the expanded eligibility guidelines. A family of four can now earn up to \$33,525 and still be eligible for the program. I encourage district residents to learn more about this valuable program to ensure that no local family is left out in the cold this winter.

Senator McIlhinney represents the 10th Senatorial District, which includes parts of Bucks and Montgomery Counties.

Texting While Driving Ban Now Law By State Representative Marguerite Quinn (R-Bucks)

It is no secret that reading or writing text messages while driving is a dangerous activity that is completely preventable. The few seconds that a driver takes his or her eyes off the road to read, write or send a text can mean the difference between life and death. It's time that state law reflects these current trends in technology.

In response to the texting while driving issue in Pennsylvania, Gov. Tom Corbett signed a law that prohibits drivers from using any interactive wireless communication device (IWCD) to send, read or write text-based communication while his or her vehicle is in motion, on Nov. 9. The law goes into effect on March 8, 2012, and violating this law will be a primary, summary offense with a \$50 fine.

The law does the following:

- Defines an IWCD as a wireless phone, personal digital assistance, smart phone, portable or mobile computer or similar device that can be used for texting, instant messaging, emailing or browsing the Internet.
- Defines a text-based communication as a text message, instant message, email or other written communication composed or received on an IWCD.
- States that this law supersedes and preempts any local ordinances restricting the use of interactive wireless devices by drivers.

Congressional Update, District 8

By Congressman Mike Fitzpatrick (R-PA-08)

Congressman Fitzpatrick addresses constituents at Flood Town Hall

Over the course of the last year, I have traveled across Pennsylvania's 8th Congressional District meeting with hundreds of constituents at nearly 40 town hall meetings as well as countless small-businessmen and woman in ef-

s most important to

As the first session of 112th Congress concludes the consistent message that I have come away with from these discussions is that Washington must provide certainty and predictability.

Time and time again, you have reminded me that as your family needs to operate on a budget, so should Washington. In addition, your school district, your township, and 49 of 50 states are required to operate on a balanced budget and it is about time the federal government followed suit. One of the most important measures I supported this year was a Balanced Budget Amendment to the Constitution. While this measure did not pass the House with sufficient votes, I will continue to advocate for its passage to bring the cost of our government under control.

We could not look back over this past year without considering the wrath of destruction left behind by Hurricane Irene and Tropical Storm Lee. There was not one but two Presidential Disaster Declarations for the Commonwealth of Pennsylvania. These declarations opened the door for federal resources and funding which have been essential for Pennsylvania's 8th Congressional District in the long process of clean-up, healing, rebuilding and restoring our communities. I am truly grateful for the extraordinary efforts demonstrated by our Local Emergency Management coordinators and First Responders throughout the duration of these disasters. Working tirelessly around the clock, their commitment and volunteerism were nothing short of inspirational. Community members following the advice of public safety officials, acted responsibly, and most notably, looked out and cared for elderly, disabled and less fortunate neighbors. In short, we came together and further defined what it means to be a community.

As the American Mission in Iraq officially concludes, I

commend the work done by the brave men and women of the United States military since the conflict in Iraq began in 2003. I thank them for their service and dedication to the cause of freedom. As our veterans return home they should do so with their heads held high and know that we wait as a grateful nation, ready to provide them with what help they may need as they return to their communities.

As the second term of the 112th Congress convenes, I will continue to work in Washington with colleagues on both sides of the aisle to enact important policies and legislation. Here in the district, my office stands ready to assist you in any way we can. If you are having a problem with Social Security, Medicare, the Veterans Administration, or any other federal agency, please contact my Langhorne District office at 215-579-8102. For your convenience we have additional evening and weekend office hours in Quakertown, Doylestown, and Bristol Borough.

Quakertown	Doylestown
2nd & 4th Tuesdays of the month	Saturdays
	9:00 A.M.-12:00 P.M.
Borough Hall	108 North Main Street
35 North Third Street	Doylestown, PA, 18901
Quakertown, PA, 18951	
Bristol Borough	1st & 3rd Wednesdays of the month
	6:00 P.M.- 8:00 P.M. Municipal Building
	250 Pond Street, Bristol, PA, 19007

Quinn Continued from Page 6

The law does not authorize the seizure of an IWCD. The texting ban does not include the use of a GPS device, a system or device that is physically or electronically integrated into the vehicle, or a communications device that is affixed to a mass transit vehicle, bus or school bus.

I have been supportive of this law and have voted in favor of similar legislation for the past two legislative sessions. Over the past five years I have heard from hundreds of constituents on this issue, and I am pleased to (finally!) tell you that texting while driving will soon be illegal in Pennsylvania.

For more information on this, or any other state related topic, please contact my district office in Doylestown at (215) 489-2126, or mquinn@pahousegop.com

National Prescription Drug Take Back Initiative Huge Success

The Doylestown Township Police, the Bucks County District Attorney's Office, the US Drug Enforcement Administration and the Council of Southeast Pennsylvania, Inc (formerly Bucks County Council on Alcoholism & Drug Dependence, Inc) have held prescription "Take Back" days in 2010 and 2011 throughout the County with great success.

In the last "Take Back Day" October 29, 2011, Bucks County received 3,873 pounds of old prescription drugs. This was the largest amount of any Pennsylvania county. The old prescription drugs cannot be flushed down the toilet or disposed in a landfill without harming our water supply or the environment.

Please get ready to participate again on April 28, 2012. Or, you can turn in your "old" prescription drugs to a secure container in the Doylestown Township Police station all year long, Monday through Friday 8 am to 4:30 pm at 425 Wells Road.

Opt In to Receive Your Septic Management Notices by Email!

In an effort to increase efficiency and reduce cost the Township is offering a new type of notification for residents who participate in our Septic Management Program. We are now offering the ability to receive all your septic management reminders/correspondence via email instead of regular mail. You will still receive the same correspondence, just via email.

If you are interested in signing up for this type of notification, please email us at info@doylestownpa.org. Please make the subject of your email: SMP EMAIL. In your email please list your name, address and tax parcel number as well as the email address where you would like to be contacted.

It is important that you remember to update us, if your email address changes or if you sell your home.

We hope this new initiative will make it even easier for residents to stay connected with the township. If you have any questions, please call us at 215-348-9915.

Our Leaf and Yard Waste Drop Off Site has moved to Central Park!

Our leaf and yard waste recycling collection site has moved from Delaware Valley College into our own Central Park. The site is located off of the New Britain Road entrance in the back area of Central Park, near the construction entrance for the 202 Parkway.

The collection dates for 2012 are:

- March 24th
- April 21st
- May 19th
- June 16th
- July 21st
- August 18th
- September 15th
- October 20th
- November 17th
- December 15

Riparian Buffers and the Birth of the Doylestown Creek Coalition by Shawn Touhill, Former EAC Member

What began as a Saturday afternoon effort to clean up branches and debris along the Pine Run Creek in my own front yard, left me and three of my children with the realization that this was a big undertaking, left my wife with four pairs of soggy sneakers, and made us aware of the obvious need for more help.

Undaunted, we continued to work beyond our property line, downstream, the next weekend. We decided to enlist the help of close friends equipped with bags, shovels, leaky waders and the promise of pizza at the end of the day.

That afternoon we hauled several pickup truckloads of trash including car tires, a car door, wheelbarrow, several plastic chairs and even a barbecue grill. This was the beginning of the Doylestown Creek Coalition.

The Doylestown Creek Coalition is a local neighborhood effort to clean up and preserve our community creeks and streams. Our goals are simply to make township residents aware of the need and benefits of taking on this task and to mobilize volunteers to accomplish it.

How can this benefit me? The obvious answer is that you can play an active roll in preserving the beauty of Doylestown Township-- after all you live here! If we can foster a spirit of stewardship in our community and inspire active volunteerism we may avoid future costs and potential tax burdens. With new regulations coming down the line in 2012 now is the time to help.

How can we preserve our creeks? After removing trash the single most effective protection for waterways is to rebuild riparian buffers.

What is a riparian buffer? A riparian buffer is a strip of grass, shrubs and trees along the banks of waterways. These buffers provide a transition zone between the water and human land use. They increase water quality by intercepting sediments and pesticides, filtering polluted runoff that could otherwise wash into surface and ground water. Buffers also provide bank stabilization by slowing erosion and they create or improve habitat for wildlife.

Does your organization or school group need a volunteer opportunity? Does your high school student need community service hours for their college applications?

Consider the Doylestown Creek Coalition! For information and how you can help contact Sandra Zadell, Assistant Township Manager at info@doylestownpa.org or 215-348-9915.

In this photo: Shawn Touhill, Hayden Touhill, Garrett Touhill, Colin Touhill, Larrissa Michel

Doylestown Township EAC to Host a Shred Event this Spring!

On May 12, 2012, from 9 am to noon, the EAC has enlisted Titan Mobile Shredding, LLC to have a truck on site at the Township Building to shred and recycle your old papers. Each resident can bring 3 boxes of paper. The typical size box is a 12" x 15" x 10" file box or a copy paper box. We encourage the use of reusable (plastic) containers and taking usable boxes home for reuse. Grocery bags are also acceptable. We actively encourage residents to take their boxes home with them, but we will have trash receptacles for unwanted bags and boxes.

What can be shredded: paper, checks, bills, manila folders, thin plastic covered reports- staples and paper clips do not need to be removed. Please remove large black clips and three-ring binders. They do not shred phone books, books, newspapers or non-paper items.

Please email or call the Township with any questions you have regarding the shred event- info@doylestownpa.org or 215-348-9915.

No Tax Increase for the 2012 Budget

For 2012, the Township will operate without any additional taxes. The millage rate for 2012 will remain at 10.25 mills. With sufficient mileage allocated for 2012, the current staff will continue to provide the necessary services that our residents have come to expect with regards to police coverage, road and park maintenance along with our award winning recreation programs. This year the Township anticipates receipts of over \$10 million in revenue and has budgeted about the same in expenditures. The Township is using \$718,897 of its reserve funds in 2012. The Township anticipates at the end of 2012 it will have a fund balance of \$3,876,781 remaining to begin 2013.

In 2012, we've budgeted \$877,603 for capital expenditures. This number is down from 2011 when we budgeted \$1.3 million. This year some of our capital projects will include the following: new police cars and radios, road surface restoration, a large dump truck, storm water pollution prevention, a brine collector, traffic calming, small dump truck and computer software to name a few items. Our Road Department will continue to maintain over 76 miles of township roadways by patching pot holes, salting, plowing, installing storm drains, tree trimming and mowing road banks. Our Park and Recreation Department will continue to provide a variety of park and recreation programs along with our summer concert series with the Borough of Doylestown. The Parks Department will continue to maintain over 400 acres of active recreation land. Our police department will continue to respond to a variety of calls for service. In 2011 the Police Department responded to over 12,000 calls for service. Our Code Enforcement Department will continue to provide guidance regarding building, zoning and fire safety services and of course our administration offices will continue to be available to answer all your questions Monday through Thursday 8:30 a.m. to 5:00 p.m. and Fridays 8:30 a.m. to 4:30 p.m.

As you can see by the pie charts below, the Township's revenues come from a variety of sources such as Earned Income Taxes, Real Estate Taxes, Local Services Taxes, Real Estate Transfer Taxes, and Franchise Fees to name a few. These various sources of revenue allow us to provide a range of services to the community. The pie chart on expenditures provides information on how the revenue is expended amongst all of the Township's resources.

Doylestown Township General Fund 2012 Budget Revenues

Doylestown Township General Fund 2012 Budget Expenditures.

Attention Cycle 3 Residents:

You must have your septic tank pumped and inspected by December 31, 2012. You must also have your well water tested for Coliform Bacteria by December 31, 2012. The pumper/hauler will send us the results of your septic inspection, but it is your responsibility to forward us your water test. The water testing agencies DO NOT send them to the Township.

Township Closings:

- Monday, January 16th- Dr. Martin Luther King, Jr. Day
- Monday, February 20th- President's Day
- Friday April 6th- Good Friday
- Tuesday April 24th- Primary Election Day

New Hours of Operation:

The Township Administration offices will be open from 8:30 am to 5 pm Monday thru Thursday and on Fridays from 8:30 am to 4:30 pm. We hope these extended hours will make it more convenient for residents to visit our offices.

We Want Your Opinion on Trash!

Don't forget to take the Trash Collection Survey! The Environmental Advisory Council and the Board of Supervisors want your opinion about the trash collection services in the Township. So far over 300 responses have been collected and we want at least 600. It only takes about 2 minutes to fill out online. Just visit this link:

<https://www.surveymonkey.com/s/residentialtrash>

You can also get a copy of the survey by calling, emailing or visiting the township building. 215-348-9915 or info@doylestown-pa.org

Where Beautiful Landscapes Begin.

For the last 26 years, Nickett Landscaping has had the pleasure of helping homeowners get the most out of their yards. Whether you are looking for a new backyard patio lined with lush, seasonal plantings, or you are looking to remove standing water in your lawn or driveway, we can help. Call today at 215-345-1385 to start planning for your next design.

DOYLESTOWN HOSPITAL IS PROUD TO BE NAMED ONE OF THE NATION'S 50 TOP CARDIOVASCULAR HOSPITALS

Doylestown Hospital was recognized as one of the 2012 Thomson Reuters *50 Top Cardiovascular Hospitals*. This prestigious annual award honors hospitals that have led the way with superior performance in cardiovascular service in four key areas: outcomes of care, service-line efficiency, financial performance, and core measures alignment.

To learn more about Doylestown Hospital's commitment to excellence visit www.dh.org/heart or call **215-345-CV50** for physician information.

For more information on the *100 Top Hospitals*® program, including the Cardiovascular study, visit 100tophospitals.com.
