Re: Pebble Ridge / Wood Ridge Sewer Project

Dear Resident,

Clearing of the easements is to begin mid next week. We expect to begin in the area of 965 Almshouse Road near the Neshaminy Creek, and work in the direction of Militia Hill Road. About 1500 feet from that location, due to logistics and anticipated rock, we expect to be on Militia Hill Road by the end of September. We will be updating our progress and anticipated weekly schedule on the Doylestown Township Web Site and the BCWSA Web Site. If you have any questions or concerns, please call our office, 215-343-2538 and ask for Jeanne McCreary at extension 113.

Sincerely,

John Butler
