Park Planing Project: The members continued the discussion started at last month's meeting to develop a Master Plan for the Dog Park, at the request of the BOS. Kathy commented that this is an opportunity to have input in planning for long range improvements to the Dog Park. The DPAB came up with six items for the Dog Park Master Plan: 1. Expand and enhance parking at the Dog Park, 2. Add an additional area to the Dog Park for medium size dogs, 3. Add a long activity run adjacent to the length of two areas of the Dog Park, 4. Install shade sails to provide shade in the summer, 5. Add additional security cameras to make all portions visible within each area of the Dog Park, 6. Develop a seasonal water feature. Kathy will present the Master Plan list to Karen Sweeney to present to the consultant.
