To prevent contamination of the public water supply with water from outside sources, the property owner is responsible to provide BACKFLOW PROTECTION and to ELIMINATE CROSS CONNECTIONS by complying with the following:

The connection to Public Water is to be made in compliance with:

- Title 25, Chapter 109.709 (A)(I) of the Pennsylvania Code
- The Safe Drinking Water Act
- Doylestown Township Ordinance No. 350
- The Pennsylvania Uniform Construction Code as amended
- The ICC International Plumbing Code 2009 and future editions

## Application Guidelines:

1. All contractors to supply workers comp/liability insurance certificate naming Doylestown Township Municipal Authority as co-insured.
2. Make checks payable to DTMA (Doylestown Township Municipal Authority).
3. Enclose 3 copies of a site plan indicating the location of all water supply connection features (piping, meter pits, back flow devices, shut-off valves, and water heater expansion tank).
4. Provide 3 copies of equipment specifications/cut sheets for back flow devices, type of piping, etc., to indicate compliance with the Township ordinances and the ICC International Plumbing Code.
5. Complete the Plumbing/Sprinkler Permit Application for the new water connections and return with this Water Connection Permit Application.

The undersigned agrees to abide by all Ordinances and Regulations of the Municipality where the property is located; and all Resolutions, Rules and Regulations of the Doylestown Township Municipal Authority. The property owner further agrees to maintain the water lateral at no expense to the Municipality or Authority.

By signing this application, authorization is granted to any municipal representatives of Doylestown Township to access the above property as stated within this application and attached sub-trade permit application at any time, without an administrative warrant, to inspect and verify that any proposed use and/or structure contained within this application and/or that exists on the above property complies with all Doylestown Township zoning and building code ordinances. The application together with the signed site plan and construction documents is made part of this application by the undersigned. Furthermore, it is clearly understood and agreed to by the applicant and property owner that the Township office is not responsible for any property dimensions show on the site plan and establishment of property lines is the sole responsibility of the property owner and applicant. The applicant and property owner also agree they are responsible for the replacement and repair of any township road to township standards which is damaged during the building of the permitted structure and understands that the information provided on this application by the applicant(s) and property owner(s) is true and correct to the best of their knowledge or belief. All information contained in this application becomes part of the Public Record.

Please note: The property owner(s) must sign this application to verify the contractor or tenant has permission from the property owner(s) to do all construction work authorized by the issuance of this permit.
