7:00 PM

Community Meeting Room

Board Members in attendance: Jennifer V. Herring, Chairman; Barbara N. Lyons, Vice Chairman; Dan Wood, Judy Dixon and Christina Maida.

Township Staff in attendance: Stephanie J. Mason, Township Manager, Dave Tomko, Director of Operations; Andrea Mergner, Assistant Township Manager; Chief of Police Charles Zeigler, Mike Lauren Gallagher, Township Solicitor and Sean Torpey, Township Engineer.

7:00 PM REGULAR MEETING

Pledge to the flag – the meeting opened with the pledge to the flag.

Ms. Herring welcomed everyone to the meeting, she stated that prior to the start of this meeting they met in executive session to hold Boards and Commissions Interviews and discuss a Personnel Matter, on February 2nd they also held an executive session on a personal matter.

Presentations

Neshaminy Consortium – Karen Ogden (Bucks County Conservation District) & Ken Jones (Neshaminy Watershed Association)

Logan Freed, Bucks County Conservation District and Ken Jones, President, Neshaminy Watershed Association gave a brief presentation regarding their work regarding local project level coordination and activities. They are working with six municipalities across the Neshaminy Watershed Association and are looking to effectively collaborate across the watershed, over the meetings one common theme is an unfunded mandate recognizing the burden of MS4. Mr. Jones thanked Mr. Wood and Ms. Mergner for being part of that group. Before the Board at this meeting there is a Memorandum of Agreement for a Neshaminy Consortium and a draft resolution.

Ms. Dixon inquired why only Townships were involved and not Boroughs. Ms. Ogden, Bucks County Conservation District stated that they weren't necessarily excluded, they have a harder task than Townships. They based it on location to the Neshaminy and where they had existing relationships, hopefully boroughs will follow.

There were no questions from the audience.

On motion of Ms. Lyons seconded by Ms. Dixon, the Board approved the resolution in principle and to execute the Memorandum of Understanding once reviewed by our solicitor. The motion carried 5 – 0.

DTMA – PFOS Project Wells 3 & 4 – Brent Eaton, Executive Director of DTMA

Mr. Eaton thanked the Board for the opportunity to present the DTMA PFOS upgrades, he stated that in 2024 DTMA received \$4.4 million in grant money to construct the first of four proposed PFOS treatment facilities through out the Township. In 2025 they broke ground on Central Wells 5 & 7 PFOS facilities located in Doylestown Hunt which is on schedule and budget. DTMA is proceeding with Phase 2 of the PFOS treatment facilities upgrades. North Wells #3 & #4, located in Charing Cross. DTMA has applied for Penn Vest Funding for this project. He shared a few slides to show the Board the original and what the new the new facilities look like and will look like. They are doing their best to match the aesthetics of the neighborhoods. He appreciates the Townships supporting DTMA with these project, hopefully there will be at least two more coming along.

Ms. Lyons stated that as the liaison for the DTMA, no detail was too small to be considered, there may be one engineer, but everybody else is an engineer as well. DTMA did a great job communicating with the residents, they worked really hard to make it look like it belonged there.

Bike/Hike Memorandum of Understanding (MOU) Phase II Pine Run Reservoir Trail – Tom Kelso
 Mr. Kelso stated that this has been before the Board a number of times. The existing trail is almost 7,000', it is one of the better used trails. Phase I would be adding almost another 9,000' with the goal to tie into the Pine Run Village Community. Phase II is in the distance adding another 6,000', possibly involving private property acquisitions, road widening, in the future. The entirety of this trail in Phase 1 would be on the County property, Pine Run Reservoir. Pine Run Village property lays along this trail, residents in the area would like to see the trail. Ms. Mason & Mr. Kelso have met with the County and the Pine Run Village community staffs; the meetings were successful showing enthusiasm from both the County and Pine Run. Before the Board is draft copies of Memorandums of Understanding for the County and Pine Run Village, he went over the points of the MOU's, we may have more opportunity for grants, which the cost is 50/50 between the Township and County. They are asking Pine Run Village to host meetings at their facility for their residents. He is asking to proceed with the MOU's provided that our solicitor's office has had the opportunity to review the documents.

Marianne Davies, Doylestown Township Resident, is concerned with safety of those living in the Pine Run Community, with a trail giving access to other people to the campus, will there be physical fencing to protect the residents. She is also concerned about those wanting to use the trail, parking at Pine Run and using up the limited spaces for visitors and residents.

Mr. Kelso stated that those are great points and are things that have been discussed with the Pine Run Village staff. He feels these items will come through the design process in future meetings.

Ms. Maida inquired if Pine Run would own their section of the trail? Mr. Kelso stated the section on their property would be theirs to maintain. There is a lot of parking at Covered Bridge Park, the cul de sac on Old Iron Hill Rd and at the Pine Run Reservoir.

Ms. Dixon stated that Pine Run is welcoming it, crime is not a problem on our trails, she feels it will be a benefit to the residents of the Pine Run.

On motion of Ms. Lyons, seconded by Ms. Dixon, the Board directed staff to proceed with the Memorandum of Understanding, creation and support of Phase II of the Pine Run Reservoir Trail after legal review. The motion carried 5 -0.

ANNOUNCEMENTS

- A. The next regular meeting of the Board of Supervisors will be held on Tuesday, March 17, 2026 at 7:00PM
- B. **Summer Camp at the CRC**
 Your child can attend a full-day, multi-sport camp with Overtime Athletics at the Community Recreation Center every week this summer! We're also offering half-day pickleball and chess camps. Register today at www.doylestownpa.myrec.com
- C. Save the Dates for these Special Events in 2026:
 - **Gather for Good** – Thursday, April 16th from 6:30 – 8:00pm hosted by our Human Relations Commission.
 - **Annual Touch a Truck Event** – Saturday, May 16th from 10am – 1pm at Central Park.

More information for these events and more can be found in the Winter & Spring Program guide sent to residents' homes or by visiting www.doylestownpa.org
- D. We are looking for a few resident volunteers to fill vacancies on our various Boards and Commissions in 2026! Check out our web site www.doylestownpa.org for vacancies and more information on the various Boards and Commissions and their roles in the Township. If you are interested, please send a letter of interest and resume to the Township at 425 Wells Road, Doylestown, PA 18901.

- E. Chapman Road Bridge is closed to all traffic 24 hours a day. A full detour is in place directing motorists to use Pine Run Road to Limekiln Road and Ferry Road. Repairs work is expected to be completed by June 30, 2026. This is a PennDOT project you can visit their website or visit the Township website for updates.
- F. Keep up to date with Township News / Events – sign up for E-news at www.doylestownpa.org. E-News is sent out every Friday at 4:00PM.

MINUTES APPROVAL: Regular Meeting - January 20, 2026 – On motion of Ms. Lyons, seconded by Ms. Dixon, the Board approved the January 20, 2026 meeting minutes. The motion carried 5 - 0.

CORRESPONDENCE

Heritage Conservancy – Fonthill DCNR C2P2 Grant – Fonthill Conservation Easement

Ms. Mason stated that we were the lead agency on behalf of Heritage Conservancy, they applied and received two grants from the Highlands Conservation Act and PA Department of Community Economic Development. They are asking us to once again to be the applicant in name, there are no financial obligations on behalf of the Township. They are looking for a municipality to take the lead and be the name on that grant. They are applying for in the PA Local Share grant. She asked for the Boards authorization that Heritage Conservancy can use our name on the application.

On motion of Ms. Lyons, seconded by Ms. Dixon, the Board authorized Heritage Conservancy to use Doylestown Township on the application. The motion carried 5 - 0.

REPORTS

Solicitor

Nothing to report.

Township Engineer

Nothing to report.

Police Chief

Chief Zeigler – stated that the Police are hosting a Traffic Safety Operations Event on Saturday, February 21st from 10am to Noon at the Township Building, Main Meeting Room. Sergeant Jones and Officer Hershowitz will share an overview of how the police department approaches traffic safety, including data collection, education, enforcement, and community engagement. There will be a question and answer session at the end. This event will not be televised or recorded. This event is Free and open to all in the Community.

Dir. of Operations

2026 Lawn Maintenance – 1 Year Contract Extension

Mr. Tomko stated that he is requesting the Board approve a one year contract extension to Yellowstone Landscaping for the 2026 Lawn Maintenance, weekly mowing total \$3,746.59, the total amount of \$104,904.50 for the 28-week mowing season.

Mr. Wood inquired about the basins, how does this current contract plan reflect with the naturalization program? All the basins on this list are part of the No Mow, it is just the surrounding area around the basin. Mr. Tomko stated that was correct we don't mow the floor and the walls of the basins, just the top and perimeter. At the end of the season the floor is mowed as directed by the engineers.

On motion of Ms. Lyons, seconded by Ms. Dixon, the Board approved the one year extension for the 2026 Lawn Maintenance Contract for Yellowstone Landscaping in the amount of \$104,904.50 for the 28-week mowing season. The motion carried 5 – 0.

2026 Road Program

Mr. Torpey stated that they went out pretty aggressively with a base bid and four alternates. Lots of great feedback and multiple bidders. He is asking the Board to award for the total \$1,145,966.39 Bray Brothers Inc. of Levittown, PA., one of the alternate bid items in that number is for us doing paving work for DTMA to clean up their access and construction that they've been doing, we will be reimbursed from DTMA totaling \$17,145.00.

On motion of Ms. Lyons, seconded by Ms. Dixon, the Board awarded the 2026 Road Program to Bray Brothers, Inc., Levittown, PA in the amount of \$1,145,966.39, covering base bid and all alternate bids upon execution of the contract and supply of the required Bonds and Insurance. The motion carried 5 – 0.

MS4 Basin Evaluation – Engineering Proposal

In September, we had a proposal from Gilmore & Associates to identify three basins that they identified as candidates for conversion to infiltration basins, Doylestown Knoll, Doylestown Lea and Doylestown Hunt developments. At that time the Board only awarded the first part of the proposal, the evaluation of these basins. Gilmore determined that in only one basin the soils are good enough to convert to infiltration in the Doylestown Hunt Development. This is the second part of the process, surveying and engineering. This will allow the basins to allow water to go into the ground water instead of storm water system. This is not about erosion, it is about detention and infiltration, recharge vs. erosion.

On motion of Ms. Lyons, seconded by Ms. Dixon, the Board voted to proceed with the engineering proposal from Gilmore & Associates for Topographic & Existing Features Surveying Services for Doylestown Hunt. (Proposed BMP M). Doylestown Hunt Basin 3 (BMP M) Total: \$14,250 (Topographic and Existing Feature Surveying Services: \$8,250 and Preliminary Engineering Services: \$6,000). The motion carried 5 – 0.

PennDOT Green Light Go Grant, Easton Rd & Edison-Furlong Rd Traffic Signal – Change Order #1 –

This project is going well, we had to obtain an easement from the property owner at 101 Edison Furlong Road, the details have been worked out. Unfortunately, that process has delayed the process, this is for a \$0 change order to extend the contract by 77 days. This is the last piece, once the weather clears up, we will be ready to move forward, construction must be done by May 1st according to the PennDOT Green Light Go Grant.

On motion of Ms. Lyons, seconded by Ms. Dixon, the Board approved Change Order #1, for Armour & Sons Electric contract in the amount of \$0 extending the contract completion date. The motion carried 5 – 0.

Community Recreation Center – US Solutions Electrical Contract – Change Order #10

Mr. Tomko stated this change order is for two items, termination of the fiber optic communication cable between this building and the Community Recreation Center, we purchased the cable, installed it and we contracted with US solutions to make all the connections for the network so we can have an operable network in the amount of \$6,877.01.

The second piece is to supply electricity to the Central Park sign. The plan would be at some point to maybe electrify that and put up an LED message sign. It is not part of the project, but we want to run the electricity while we have the contractor on site, the amount is \$5,160.26.

There was discussion on the aspect of an LED message board. This type of sign would be for a future purchase and future installation. One of the Board members indicated that this may not go with the aesthetics of the Township. Some of the Board are not in favor of a digital sign, however they see the opportunity to have lights there for events, concerts, etc. There is no electricity at the sign now, if we want to light the sign in the future.

On motion of Mr. Wood, seconded by Ms. Maida, the Board approved US Solutions change order #10 for fiber optic communications cable terminations and electricity to be installed at the Central Park entry sign totaling \$12,037.27. The motion carried 5 – 0.

Community Recreation Center – Hirschberg Mechanical Plumbing Contract – Change Order #5
Mr. Tomko stated this is a clean-up item. When the work was being done, we had to put a lift station for the sanitary sewer, we asked the plumber to obtain a subcontractor to install the pumps and controls for the lift station. Total cost \$18,000.00.

On motion of Ms. Dixon, seconded by Mr. Wood, the Board approved Hirschberg Mechanical Plumbing Contract change order #5 for the Central Park Restrooms project supply and installation of the lift station pump and controls totaling \$18,000.00.

Assistant Township Manager

Nothing to report.

Township Manager

Nothing to report.

Supervisors

Ms. Maida – stated that at the Pension Advisory Committee (PAC) this month, they were joined by representatives from Girard the advisory arm of Uninvest who manages our pension funds, who did a presentation of market review and the performance of the pension portfolios. They did a stellar job, they commented that they love coming to our PAC because our volunteers have managed pensions before volunteering. She asked residents to get involved in our committees, a wonderful way to give back, vacancies are on our website, feel free to send us a resume if you are interested. She wanted to address what is going on in our country last couple of weeks, thinking of the basics the government should provide purpose and function is to help communities flourish, people thrive and their safety. Unfortunately, we are not seeing that at the federal level as it relates to law enforcement. She encourages people to apply the same scrutiny to law enforcement as they do to this Board and state government regarding taxpayer dollars to the Federal Government. She thanked our police for keeping our community safe, protecting and serving with their faces proudly uncovered.

Ms. Dixon – she thanked Ms. Maida for her comments. At the executive session prior to this meeting, Interviews for Boards and Commissions were conducted, she would like to make the motion to appoint Dan Ford to the EAC. The motion was seconded by Ms. Lyons, the Board appointed Mr. Dan Ford to Serve on the EAC. The motion carried 5 – 0.

Ms. Dixon thanked the Public Works team for the fabulous job they did with snow removal on the roads and the trails in the Township, she was out every day and is very grateful. Get outside and enjoy the great trails.

EAC – Mr. Salisbury, Director of Code Enforcement was present at the meeting, he is a fountain of knowledge. He informed the EAC about meadows, you are allowed to have a meadow in the Township as long as you have a 25' buffer. They also had a discussion on street lighting which the EAC will bring to the Board having to do with dark skies to protect birds and insects. In March there will be joint meeting with the Park & Recreation Board and in April they will be meeting with the Doylestown Borough EAC, to work together on projects. She mentioned that she will be doing a presentation at the Pine Run Community along with Ms. Mergner and Ms. Schiver, Birdtown Doylestown, she is hoping they may get some more volunteers and birdwatchers.

Bike/Hike Committee – they talked about & reviewed the ordinance that we will be talking about later on in this meeting, she will share the comments and feedback at that time. The County's Neshaminy Greenway Trail that will cross 611 at Almshouse Road is under review potentially starting this fall. The Pump Track in the Borough is just waiting for the snow to melt to begin construction.

Mr. Wood – updated the Board on Planning Commission’s last meeting. They are continuing to discuss the possibilities for moving forward Zaveta/Hart Property on the Bucks County Historical Society. They discussed different options, how proposed changes may impact not only this property but other properties with historic buildings, conversations are ongoing.

He wanted to share his appreciation for the work of the Neshaminy Watershed Alliance has done, he was appointed a few years ago, giving updates, finally seeing it come to fruition. He thanked the Board for their support.

Ms. Lyons – stated that at the Executive Session they consider the appointment of Nate Mowry to the Telecommunications Advisory Board (TAB). She made the motion to appoint Nate Mowry to the TAB, the motion was seconded by Ms. Dixon, the Board appointed Mr. Mowry to the TAB. The motion carried 5 – 0.

She also stated that on February 2nd they considered the appointment Cortnie Jones, Park & Recreations Program Manager, to the Director of Parks & Recreation. She believes that it is the consensus of the Board to have Ms. Mason, Township Manager, to begin that employment process. The Board concurred.

Ms. Herring – stated that this is Black History Month, a wonderful time to educate your self on all Sorts of things you may not know, one of her favorite places is the Constitution Center in Philadelphia it has so many great, interesting exhibits on black history. Bucks County has their own African American Museum which just opened.

She congratulated Karen Sweeney, Director of Parks & Recreation as the recipient of the Outstanding Achievement Award in Honor of Fred M. Coombs from the Pennsylvania Recreation and Parks Society, this is the highest award given by PRPS. Ms. Herring shared a piece of the award memo with those in attendance. We are so lucky to have Karen as our Director of Parks and Rec, the entire Board is very thankful for her, and it is very well deserved.

Ms. Herring also wanted to have a conversation about the tax collector, possibly using the small meeting room. A lot of municipalities allow their tax collectors to use space in the municipal building for some hours in order to help serve the public, giving the public opportunity to access them in a familiar location. Our tax collector, Sara Frister, would like the Board to consider allowing her to use the small conference room for such occasions, provided it complies with what management feels would work with our capacity. Through discussion the Board questioned whether she already has an office, Ms. Mason stated she has a zoning hearing board application for special exception to operate the tax collector officer from her home as our previous tax collectors have done. The Board discussed the logistics, times, notifications, township’s webpage, tax collectors web page, confusing to the public thinking they can come to the Township building to pay their taxes, less confusion if at her home, maximum hours.

On motion of Mr. Wood, seconded by Ms. Lyons, the Board decided to table this discussion until after the Zoning Hearing Board and Ms. Frister provides more information. The motion carried 5 – 0.

PUBLIC HEARING

None

UNFINISHED BUSINESS

Doylestown Memorial Day Parade

It was the consensus of the Board that they will participate in the 2026 Memorial Day Parade along with the Veterans Advisory Committee. The registrations will be completed by Ms. Mason and sent to the Parade Committee.

E-Bike Ordinance Authorization to Advertise

The Board discussed the E-Bike Draft Ordinance establishing Chapter 120 to regulate Bicycles, E-Bikes and E-Scooters within the Township. There was discussion on wording, speed, minimum age requirement, helmets, etc. The solicitor’s office will clarify the wording of the draft ordinance, compliance with Pennsylvania Laws and safety.

Mr. Kelso from the Doylestown Community Bike/Hike Committee shared his thoughts and suggestions for the proposed ordinance.

On motion of Ms. Lyons, seconded by Ms. Dixon, the Board authorized the advertisement of the draft ordinance. This item will be on the Board's agenda for March 17, 2026. The motion carried 5 – 0.

2026 Township Holiday Schedule

After a discussion amending the 2026 Holiday/Township Closure schedule, the Board decided that since Juneteenth is on a Friday this year, it would be added to the Holiday/Township Closure schedule for 2026 only. The Township Holiday/Township Closure schedule will include both Juneteenth and Indigenous Peoples Day.

On motion of Ms. Lyons, seconded by Ms. Dixon, the Board updated the 2026 Holiday/Township Closure schedule to include both Juneteenth and Indigenous Peoples day.

NEW BUSINESS

Land Development

33 Neill Drive – TP 09-006-026 - Planning Module

On motion of Ms. Lyons, seconded by Ms. Dixon, the Board approved the Planning Module for 33 Neill Drive. The motion carried 5 – 0.

1850 Turk Road – TP 09-017-012-002 Planning Module

On motion of Ms. Lyons, seconded by Ms. Dixon, the Board approved the Planning Module for the Baia Property, 1850 Turk Road. The motion carried 5 – 0.

TD Bank Equipment Finance Authorization to Sign

On motion of Ms. Lyons, seconded by Ms. Maida, the Board authorized the signing of the TD Bank Equipment Finance documents. The motion carried 5 – 0.

Youth Volunteers for Boards and Commissions Policy

On motion of Ms. Dixon, seconded by Ms. Lyons, the Board approved the policy allowing Youth Volunteers to volunteer on certain Boards and Commissions. The motion carried 5 – 0.

Boards and Commission Volunteer Handbook

On motion of Ms. Lyons, seconded by Ms. Maida, the Board approved the updated Boards and Commissions Volunteer Handbook to include youth volunteers. The motion carried 5 – 0.

Exonerate Tax Collector

Each year the Board of Supervisors must move to exonerate the Tax collector for the previous year's uncollected taxes and for them to be transferred to Bucks County Tax Claim Bureau.

On motion of Ms. Dixon, seconded by Mr. Wood, the Board approved exonerating the Tax Collector in the amount of \$129,603.08 for 2025 uncollected taxes. The motion carried 5 – 0.

Zoning Hearing Board

Shults – 139 Beulah Road – TP 09-003-041 – Requesting a variance that would allow for keeping ducks on 25,226 sq. ft. where 40,000 sq. ft. is required.

The application was sent to the Zoning Hearing Board without opposition by the Township.

Grezeszak – 212 Southwind Drive – TP 09-052-048 – Request a variance for increase of impervious surface to 245 where maximum of 20% is permitted –

The application was sent to the Zoning Hearing Board without opposition by the Township.

Stone Barn Manor Open Space – TP 09-048-023-009 – Requesting variance that would allow for a development of fewer than 10 homes to erect a community sign at entrance of development. The application was sent to the Zoning Hearing Board without opposition by the Township.

Weiler – 210 Nicklaus Drive – TP 09-020-045 – Requesting two variances for inground pool. The application was sent to the Zoning Hearing Board without opposition by the Township.

Frister – 181 Willow Lane – TP 09-042-057 – Special Exception for a H-1 Home-based Business. The application was sent to the Zoning Hearing Board without opposition by the Township.

A. Treasurers Report – February 17, 2026 – on motion of Ms. Maida, seconded by Ms. Dixon the Board approved the Treasurers Report. The motion carried 5 - 0

B. Bills List – February 17, 2026 – on motion of Ms. Maida, seconded by Ms. Dixon the Board approved the Bills List in the amount of \$834,117.99. The motion carried 5 – 0.

Public Comment – All Items

Mariann Davies – Doylestown Township Resident – stated that she thinks youth members on Boards and Commission is a great idea, she also feels that Boards and Commissions should be open to Township residents only.

Ms. Davies also stated that she supports enforcement of immigration laws and is thankful for ICE keeping our community safe. She read off a list of those arrested for criminal activity by ICE in Doylestown's county prison.

Katherine Aurerbach – Tincum Township – thanked the Board for the opportunity to speak, she is concerned about the history and historic resources in the area. She highlighted a couple of points and requested action from the Township to assure stronger historic preservation. She is worried about the planning commission currently entertaining an amendment in the B15 zoning code to enable a developer to build a clustered condominium on a serene mostly wooded 24 acre property with historic buildings. She feels the planning commission is going to great efforts to write zoning changes to accommodate Mr. Zaveta. She feels it is being done under the guise to help preserve historic resources on the property.

Ms. Herring reminded Ms. Aurerbach that there is a two minute time limit.

Ms. Aurerbach continued that it does nothing to assure preservation of the historic resources. There is no expert review or standards for the design, basic standards on historic preservation, no baseline to understand what is really there, no conservation easements.

Ms. Herring thanked Ms. Aurerbach for her comments and to be respectful of other speakers.

Ms. Aurerbach continued asking the Township to require or ask the planning commission to cease its actions on this draft of B15-2 she feels it is customized just for the development of the Hart Tract.

Deidra Sarego – Buckingham Township – thanked the Board for the opportunity to speak on the Hart Property. She asked the Board to pause and reconsider the proposed zoning amendment. She stated that the 2019 2025 comprehensive plan prioritizes preservation of institutional land, rezoning this 24 acre parcel from Institutional to R1 appears inconsistent. What section of the comprehensive plan supports this conversion, has a formal written consistency review been completed and how does rezoning a single parcel for increased residential density not raise concerns of spot zoning?

Ms. Herring stated that at this time we cannot comment since this is an ongoing project in the hands of the planning commission.

Mr. Wood stated that at this point the planning commission has not made any formal recommendations to the Board, it is his understanding that they are still in open discussion about what any zoning change would look like.

Ms. Sarego also has some fiscal questions, while one-time fees may be collected, the Township assumes long-term infrastructure and service obligations as costs continue to rise. Has a 20 or 30 year fiscal analysis been conducted? This property was gifted to the community, not intended to resolve

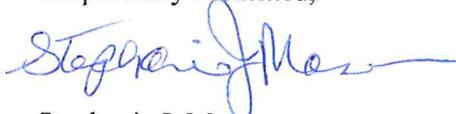

operational challenges or create a windfall for a private developer. Has Bucks County Historical Society meeting minutes and financial statements been made publicly available to demonstrate this sale is necessary? There have been a lot of rumors, allegedly the Historical Society is going bankrupt and so is the Township. Allegedly this is an agreement to bail everybody out. She feels there is nefarious dealings going on with Mr. Zaveta wanting to rezone everything illegally. That is her final statement planting those seeds.

Mr. Wood addressed the question about finances. Regarding the Bucks County Historical Society's finances. They are a private organization, it is up to them what to do about their finances. As far as the Township goes and the Township going bankrupt, everything we do is public and that is not the case, we've never had any discussion about this Township going bankrupt.

Ms. Herring added about the finances for the Bucks County Historical Society, they are a nonprofit organization, and they have to publish their 990's which is public information, so you should be able to look up their financial information online. As far as the Township is concerned, we are an AA1 rated Township, we have fantastic financial control in this Township. It is something that we take a lot of pride in. We have a wonderful finance department and we work very, very hard to make sure that we are a very secure municipality. So, that is not a founded concern.

ADJOURNMENT – Being no further business, the meeting adjourned at 8:48pm.

Respectfully submitted,

Stephanie J. Mason
Township Manager/Secretary
